📄 Java Full Stack Developer | React | Angular | Spring Boot | HTML | CSS | JavaScript | Python

Professional Summary

Enthusiastic and self-driven **Java Full Stack Developer** with hands-on experience in building full-stack applications using **Java, Spring Boot, Angular, React, HTML, CSS, and JavaScript**. Adept at implementing JWT-based security, RESTful APIs, and integrating machine learning models. Strong foundation in computer science principles, project development, and modern UI/UX practices. Eager to contribute to real-world solutions and continue learning in a dynamic environment.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Angular, Tailwind CSS
 - **Backend:** Java, Spring Boot, Node.js
 - **Languages:** Java, JavaScript, Python
 - **Security & Auth:** JWT Authentication
 - **Tools:** Git, Spring Tool Suite, REST APIs, MySQL
-

Projects

Employee Management System

Java, Spring Boot, Angular, MySQL, JWT

- Built a full-stack CRUD application for managing employee records.
- Developed secure backend APIs using **Spring Boot** and **JWT** for login authentication.
- Designed interactive UI with **Angular**, connected to backend via REST APIs.

Sign Language Translator

Python, React, Tailwind CSS

- Created a machine learning model in Python to interpret sign language gestures into text.
- Developed a **React** front-end with Tailwind CSS for real-time translation.
- Integrated the ML model into a user-facing web app using API connections.

Calculator App

HTML, CSS, JavaScript

- Built a responsive calculator web app with real-time input handling.
- Focused on clean UI design and efficient DOM manipulation.

Travel Agency Management System

React, HTML, CSS, JavaScript

- Designed a user-friendly front-end for managing travel packages and customer inquiries.
 - Used React hooks and state management to handle dynamic data and forms.
-

Experience & Certifications

Web Development Intern

Shree Graphic Designing — Jan 2024 – May 2024

- Created a portfolio website and e-commerce prototype using HTML, CSS, JavaScript, and React.
- Focused on responsive layout, client-focused design, and real-world project structure.
- Used Git for version control and collaborated with design teams.

Java Full Stack Development Certificate

Symbiosis International University, Pune

- Gained practical training in **Java, Spring Boot, Angular**, and REST API development.
 - Completed a capstone project (Employee Management System) with JWT security.
-

Education

Bachelor of Engineering (Computer Engineering)

Shri Tuljabavani College Of Engineering, Tulajapur

2022 – 2026

Higher Secondary Certificate (Science Stream)

Mahatma Baseshwar Mahavidyalaya, Latur

Completed: 2022
